SUMMARY

I am a dedicated Full-Stack Developer and a second-year student with a strong foundation in C++, Data Structures, and Algorithms. I am proficient in C, Java, and Python, and skilled in front-end technologies such as HTML, CSS, Tailwind CSS, Bootstrap, and JavaScript. I have experience building dynamic interfaces using React.js and Next.js. On the backend, I am proficient in Node.js, Express.js, and EJS, with solid database management skills in MongoDB and MySQL. I have a proven track record of delivering scalable and efficient solutions. I actively contribute to open-source projects, including GirlScript Summer of Code (GSSoC) and Hacktoberfest.

EXPERIENCE

Internship

CodeSoft　　📅 08/2024 - 09/2024　📍 Allahabad

Frontend Development

- As a CodeSoft intern, I developed a portfolio page, calculator, and landing page. The portfolio featured responsive design, the calculator showcased JavaScript functionality, and the landing page focused on user engagement. These projects refined my skills in front-end development, design, and usability, enhancing my ability to create effective web solutions.
